

NEW Colonnade® Columnar Apple Trees at Alpha Nursery

***Slender Upright Growth Makes them
Perfect for Smaller Gardens or a Sunny Spot on the Patio!***

Colonnade® Bolero blooms with bright white flowers in spring. Yellow-green fruit with an orange-red blush ripens in mid to late August. It is crisp and juicy with a great flavor perfect for fresh eating, cooking and drying.

Colonnade® Polka beautiful white blossoms in the spring produces crisp and juicy green fruit with a light red blush and excellent flavor.

Colonnade® Flamenco showcases white flowers with a slight pink blush in spring that develop into green fruit with a red flush ripening in early to mid-October. They have an excellent flavor for fresh eating.
